Garry Howell

Managing Director – G&H

Garry has been involved in people development in Asia for over 30 years, with 20 of those years spent in Vietnam frequently working with IT professionals.

The recurring development theme is always “communication, or mind-set”. In the past 12 months alone Garry has either designed or delivered training for over 100 IT professionals.

Through consultation with stakeholders, the consensus is that Communication Facilitation is the leading development need.

ABOUT G&H.
